

GNSS Automated Virtualized Test Environment for Rail

AGENDA Final Conference	Meeting organiser	Jose Bertolin (UNIFE)
	Phone number	+32493403860
	e-mail	Jose.bertolin@unife.org
	Document Code	
	Status	Final
Date of the meeting: 22nd February 9:00 – 13:00	Attachments	
Venue: Conference Call (Teams)	Revision Date	09/02/2021

Topic

Time	Topic	Responsible
9:00-9:05	Welcome	Alessandro Neri
9:05-9:15	Introduction of satellite technology for the ERTMS acceleration plan	Fabio Senesi
9:15-9:35	GATE4Rail Project Overview	Alessandro Neri
9:35-9:50	Methodology and Tools Definition for Automated Update of Test Environment	Olivier Desenfans
9:50-10:05	Concept and Methodology Definition for Continuous Integration, Automated Test Repetition and Evaluation	Olivier Desenfans
10:05-10:15	Coffee Break	
10:15-10:35	Railway Scenarios Requirements and Test Cases Definition.	Alessia Vennarini
10:35-10:55	Methodology for the Characterization of GNSS errors in the Railway environment	Juliette Marais
10:55-11:15	Geo-distributed simulation and verification platform	Andrea Coluccia
11:15-11:25	Q&A	All
11:25-11:30	Coffee Break	
11:30-13:10	Demonstration	Ricardo Campo Daniel Molina
13:10-13:20	Q&A	All
13:20-13:30	Conclusions	Alessandro Neri
	END
